CRANBERRY CAPITAL  
OF THE WORLD

**Town of Middleborough**  
**Massachusetts**

May 5, 2014

Community Preservation Committee  
20 Centre Street  
Middleborough, MA 02346

Dear Committee Members,

The Capital Planning Committee voted at their meeting of April 22, 2014 to support the Police Station Renovation and Addition Project.

Our Committee has toured the current police station on a number of occasions. There is probably not a more inadequate police station in the Commonwealth of Massachusetts. As you know it was built as a general store in 1808. The fact that our police department has been able to operate out of this building for over 80 years is a minor miracle. The proposed renovation and addition is long overdue.

Please feel free to contact me if you have any questions.

Sincerely,

Stephen D. Morris,  
Chairman  
Capital Planning Committee
